

# Fraction Problems

*Mathematics K-6 Sample Units of Work, 2002: Stage 1 (p.55)*

## Problem 1

Half of the children in the family are boys. Draw what the family could look like.

## Problem 2

One half of a flag is red and the other half is blue. Draw what the flag might look like.

## Problem 3 - Extension

Emily bought six pizzas. Some were cut into halves and some were cut into quarters. There was the same number of halves as quarters. How many halves and how many quarters were there?
